Saturdays, 9:00 a.m. - 5:00 p.m.
(Closed on Saturdays in July and August)

State Librarian's Report

During the 1981-82 biennium, the Department of Libraries met major challenges and opportunities, resulting in substantial progress in some statewide library services and in a return to the basics in others. Financial problems made cutbacks necessary and planning and implementation of statewide programs difficult. Nevertheless, most library services continued to move forward during the past two years due to the efforts of a dedicated, caring staff and the support, cooperation and patience of the Vermont library community.

OCLC TERMINAL INSTALLED

Uncertain future finances for all libraries makes resource sharing more important each year. Clearly, therefore, the most exciting accomplishment of the FY81-82 biennium, not just for the Department of Libraries but for the entire Vermont Resource Sharing Network, was the implementation of automated technology to provide interlibrary loan and cataloging. The installation and linking of a terminal in the Department to OCLC, Inc., in Ohio greatly increased access to information and improved the quality of reference and research for Vermonters all over the state.

In a short period of time, the link with OCLC showed positive results by providing faster interlibrary loan responses and more efficient maintenance of the Vermont Union Catalog (VUC). With access to the collections of over 4,000 libraries in the international OCLC system, the successful fill rate of the biennium's 25,699 interlibrary loan requests from Vermonters increased from 77% in 1981 to 84% in 1982. At the same time, filing in the VUC was reduced by more than 50% even though more libraries' holdings were included. Because several Vermont academic libraries belong to OCLC, their materials are included in the data base and do not have to be filed manually in the VUC. For the first time in over a decade the filing backlog in the VUC was eliminated and the holdings of even the smallest Vermont libraries could be added on a timely basis.

VUC FILING BACKLOG ELIMINATED

Computerized cataloging of the department's collections and those of state-supported institutions via the OCLC system was also initiated in FY82 and means that these materials are also now included in the international data base. Computerized cataloging for public libraries that meet minimum standards continued through a contract with the New Hampshire State Library.

COPICAT DEVELOPED

The Department's commitment to cooperation in all areas and levels of library service led the Board of Libraries, in FY80, to approve the formation of a task force to study all aspects of cooperation involving local public libraries. The Task Force concluded its work in FY82 with a final report and the development of Vermont Copicat, a catalog of cooperative projects which can be replicated and adapted by Vermont libraries. To carry out and go beyond the Task Force's recommendations, the Department planned annual workshops for librarians and trustees.

SELECTION, CONFIDENTIALITY POLICIES ADOPTED

During the biennium, the Vermont Board of Libraries took two major policy steps to improve quality access and to guarantee privacy. In FY81, it adopted a revised Materials Selection Policy for the many collections of the Department of Libraries. In FY82, it developed a policy to insure the confidentiality of user records for Vermonters borrowing materials from the Department and through the statewide interlibrary loan system.

A major challenge of the past two biennums has been to find additional space for the Department's rapidly growing law and documents collection. In FY79-80 $82,000 was granted by the General Assembly to secure and preserve the historical Vermont and New England newspapers in the Law and Documents Unit. FY82 saw this project nearly completed, and microfilming the newspapers made significant shelf space available. Our positive experience with the newspaper project and the need to guarantee shelf space for the future led to the decision to convert regularly to microfiche valuable but not heavily used current and historical federal documents and law materials. This precludes the need for additional shelf space or a new building to house this collection at least until the turn of the century.

NEWSPAPERS MICROFILMED

MORE LDU MATERIALS ON MICRO

SPECIAL SERVICES GROW

Services to users with special needs continued to make gains in quality and effectiveness. Since the Department was designated Vermont's Regional Library for the Blind and Physically Handicapped in 1977, circulation has more than doubled and the number of users continues to rise. Several new services were developed in response to user needs, including recording of Vermont and special materials by volunteers, recording of public meetings and legislation affecting the visually handicapped, and assistance with adaptation of equipment to provide privacy for blind voters. In FY82 the Board of Libraries approved the formation of a special advisory council of constituents and advocates to help the Special Services Unit further improve services to Vermont's special populations.

SSU ADVISORY COUNCIL

CHILDREN'S SUMMER PROGRAMS DEVELOPED

Library service to the children of Vermont continued to be a vital part of the Department's program in the past two years. As a result of the 1979 decision to include children's materials in the VUC, by the end of FY82 interlibrary loan for children had become an integral and ongoing part of the resource sharing network. Several exciting programs for children were also developed or expanded in FY81-82. Each year a major theme-oriented summer reading program with outstanding promotional material was planned, designed and distributed free to interested public libraries. In 1981, Vermont children were encouraged to become "Book Travelers", and in 1982 the promotional material helped them "Get the Message".

VCA, VINS PROGRAMS EXPAND

Cooperative programs with two agencies helped enrich children's programming in many libraries statewide. An expanding association with the Vermont Council on the Arts meant that over 100 libraries, including some of Vermont's smallest, participated in Artists in the Public Library and Touring Artists programs. In the biennium just past, new successful programming opportunities for children were offered in cooperation with the Vermont Institute of Natural Science.

MACAULAY, PATERSON ECTURE

Further, the Elva Sophronia Smith Lecture series initiated in FY79 has become an annual fall happening with a major children's author offering exciting sessions for children and insightful lectures for Vermont librarians who work with children. In FY81, Vermont was fortunate to have David Macaulay as its guest despite a major November snowstorm, and in FY82 Katherine Paterson kept both adults and children spellbound with her presentations.

TOY AS A ULTURAL ESOURCE" MPLEMENTED

During the FY81-82 biennium, the Department implemented two major grants awarded in the previous period. First, the $47,155 National Endowment for the Humanities grant helped the Department provide "The Toy as a Cultural Resource", a program to explore how the toy reflected changes in society and how it shaped skills, values, and concepts later affecting adult attitudes and actions toward children and education. A travelling exhibit of toys, a catalog, and a core collection of materials provided focus for public programs in eight Vermont public and community libraries. In FY82, after the initial phase of the grant, a smaller travelling version of the exhibit was made available to any library.

SPEAKING OF ILMS" OORDINATED

The second grant, $10,644 awarded by the Vermont Council on the Humanities and Public Issues, allowed the Department's Audio-Visual Services Unit and the Vermont Library Association to develop "Speaking of Films". Several discussion-oriented films for adults became the basis for 40 coordinated discussion programs in public libraries throughout the state.

ORGANIZATION CESSARY

The many exciting and innovative programs carried out in FY81-82 could not have been possible without a high-quality, energetic staff to carry out many on-going activities. It should be noted, however, that in an attempt to insure maintenance of priority basic services while facing financial constraints and delays and uncertainties in funding, the Department of Libraries reorganized its services and management structure for the second time in five years. The most significant results of this move were the elimination of the Books-By-Mail program and the consolidation of organizational divisions from three to two.

Yet, statistics indicate that statewide Department of Libraries services for individuals and for public, academic, school and special libraries continued to be valuable and well used.

41 WORKSHOPS HELD

Because almost 90% of Vermont public library personnel lack formal training, continuing education and consulting services to local libraries remained a high Department priority during FY81-82. Forty-one training sessions were offered to improve the skills of Vermonters involved with libraries. Although most offerings are at basic levels, the Department made an effort to provide at least one major workshop to renew skills or expand horizons of professional librarians in Vermont. In FY82, 701 persons attended Department-sponsored educational offerings, and 5 public librarians completed the necessary requirements for public library certification. The Vermont Certification Board was expanded in FY81 to include a public librarian and a trustee.

REGIONAL LIBRARY USE GROWS

The regional library program, serving local libraries and individuals, continues to be the Department of Libraries program with the broadest base of support. Its various services touch almost every library patron in Vermont, and use continued to grow in FY81-82. Overall regional library circulation held firm in FY82 with 266,476 books circulated as compared to 269,175 in FY80. Circulation to individuals, however, rose dramatically from 91,996 in FY80 to 95,056 in FY82. 34,564 people visited the regional libraries in FY82 to borrow materials or request information, and 180 local public libraries, 83%, used regional library services. In FY82 regional library staffs visited local libraries on 132 occasions and handled 41,089 specific requests for materials. It is interesting to note that almost 2/3 of the specific requests received were solved at the regional library level. In FY82 the Department of Libraries initiated a two year project to examine the effectiveness and responsiveness of regional library services to local libraries.

MORE FILMS CIRCULATED

More and more Vermont libraries, institutions, community organizations and schools used the Department's film service; 16,217 films were circulated in FY82, as compared with 15,097 in FY80 and 12,548 in FY78. This growth occurs even with a subscription plan instituted for schools in FY79. The Audio-Visual Services Unit has made progress in improving services as well in that the number of requests for films that had to be refused decreased from 6,459 in FY78 to 3,498 in FY80 and to 2,299 in FY82. The unit's on-going goal is to search for further improvements so that all requests can be met successfully.

BOOKS-BY-MAIL ELIMINATED

Although the Department of Libraries had many successes in FY81-82, disappointments were not absent. The ten year old Books-By-Mail program was phased out in FY82 due to rapidly escalating postage and printing costs, delays and uncertainties of federal funding, and the need to maintain other priority programs at adequate levels. Users may still borrow Department materials by mail, phone or in person, but since March 30, 1982 they must assume the cost of initiating requests and returning materials. Fortunately, many local public libraries have responded by offering home delivery services.

INCENTIVE GRANT FUTURE QUESTIONED

Delays and uncertainties in allocation of federal funds along with cutbacks at the state level have also played havoc with the Incentive Grant program. In FY80 76 public and community libraries received grants with 84 qualifying in FY82. Unfortunately, the amount of individual grants declined from an average of $610 in FY78 to $420 in FY82 due to an increase in qualifying libraries and a reduction in available funding. The Incentive Grant Program has helped local libraries provide better access to information services, yet its impact and priority will be reviewed during FY83 in light of declining or level-funded federal allocations.

PARTICIPATION IN COSLA, ALA, NELA, VLA

The Department's staff has been active in state, regional and national library and related activities. I had the privilege of chairing the national Chief Officers of State Library Agencies in 1981-82. Other staff members have also increased participation in regional and national associations, serving on such prestigious boards and committees as the American Library Association's Association for Library Service to Children Board and the Public Library Association's Small/Medium-sized Libraries Section Publications Committee. The New England Library Association had a Department of Libraries staff member as Membership Chairman in 1981-82, and the Vermont Library Association's treasurer in 1981 was also from the Department. Professional staff members have also been asked to speak at several national institutes, workshops and meetings because of their specialized knowledge in adult and children's services. These regional and national activities were taken on in addition to ongoing responsibilities at home and reflect the high quality of our Vermont staff.

PLANNING INVOLVEMENT IN HERITAGE CONFERENCE

In FY82 the Department also assisted with planning for the Governor's Conference on the Future of Vermont's Heritage, to be held in FY83 and to offer Vermonters an opportunity to discuss appreciation and preservation of both the tangible and intangible aspects of the state's history and culture.

In looking back, I feel the past two years have been productive and challenging ones, despite our concerns over present and future funding and despite slight but necessary cutbacks in funding. Because the demand and need for access to information is expected to rise significantly even in the most isolated areas, the next biennium will surely provide absorbing and exciting opportunities for library service. We look to the future with optimism, imagination and resolve.

In closing, I want to thank Governor Snelling and his staff for their support in helping the Department improve access to information for all Vermonters. I also want to thank the Department's dedicated and creative staff, as well as librarians and trustees throughout the state, for their interest, cooperation and assistance, and for their willingness to search for new solutions to old problems. Special thanks must go to the Vermont Board of Libraries for its dedication and encouragement. Board chairpersons Jean Swain and Olivia Brown have provided able leadership, and all Board members have been most effective in working together to improve Vermont's library services. For the future, it is onward and upward in a rapidly changing world.

Patricia E. Klinck
State Librarian

GEOGRAPHIC NAME DECISIONS MADE BY THE VERMONT BOARD OF LIBRARIES

July 1, 1980 - June 30, 1982

According to 10 VSA 152-4, the "board of libraries is designated as the state agency to name roads and geographic locations including but not limited to mountains, streams, lakes, and ponds upon petition signed by not less than twenty-five interested persons or by petition of an administrative department of the state". In the past biennium the Vermont Board of Libraries made the following decisions:

June 16, 1981 - Thurman W. Dix Resorvoir. Changed name of Upper Orange Reservoir in town of Orange to Thurman W. Dix Reservoir.

December 8, 1981 - Vietnam Veterans Memorial Highway. Named Interstate Highway 89 from the New Hampshire border to the Canadian border the Vietnam Veterans Memorial Highway.

June 22, 1982 - 10th Mountain Division Memorial Highway. Named Vermont Route 108 from Stowe to the Canadian border the 10th Mountain Division Memorial Highway.

Statistics of Local Libraries

Explanatory Notes

Public library statistics have been separated from those of other libraries (academic, hospital, institutional, special, school, etc.) and appear first. In both cases, libraries are arranged by municipality, with incorporated towns in upper case letters.

DIRECTORY NO. - refers to listing in VERMONT LIBRARY DIRECTORY, 1983

LIBRARY - the word "library" has been dropped from each name

REPORT FOR YEAR ENDING - given due to variation in fiscal year used by individual libraries

POPULATION - 1980 census figures are used, and population is usually given for a town or city with some village populations if known

GRAND LIST - 1982 property tax valuation of the town as a whole is given

TAX APPROPRIATION - the source of tax support, whether from town, village, fire district, neighboring town, etc., or a combination, has not been ascertained. Income in kind (heat, lights, rent, etc.) has sometimes been included, and if the library received in-kind support, it is noted with an asterisk (*).

TOTAL INCOME - includes gifts, trust income, grant funds, etc., as well as tax and revenue sharing support, and, sometimes, in-kind support.

TAX SUPPORT PER CAPITA - revenue sharing and any known in-kind support were added to tax support, and the total was then divided by the population given. Because the actual population base providing the tax support and the income received in-kind cannot always be ascertained, this figure may only be a rough estimate in some cases.

LIBRARY MATERIALS EXPENDITURES - includes books, periodicals, films, recordings, and other non-book materials, but not supplies or equipment

TOTAL EXPENDITURES - it is possible that overhead (heat, lights, etc.) has not been included; capital expenses are not included

VOLUMES ADDED - generally, books added during the year ending on the date given

TOTAL VOLUMES - in a few instances this figure may include non-book materials

NUMBER OF REGISTERED BORROWERS - children and adults. In many cases, records are not kept

CIRCULATION - total circulation of all forms of library materials, including books owned by the Department of Libraries and circulated locally

NUMBER OF HOURS OPEN - in winter only

Public libraries which met the Vermont Minimum Standards for Public and Community Libraries in 1983 are designed with a dot (•) before the name of the municipality in which they are located.

Vermont Library Directory, 1983

Explanatory Notes

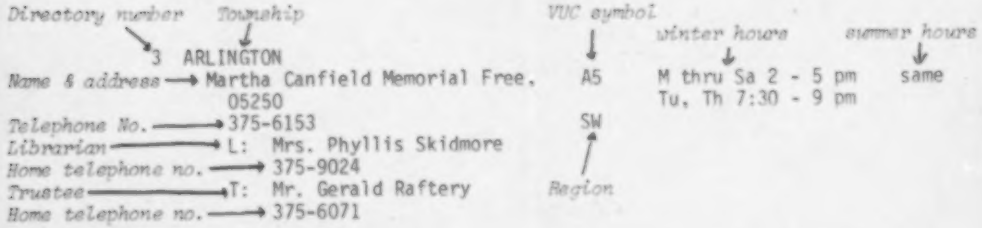
The Vermont Library Directory, 1983 is a revised edition of the Vermont Library Directory, 1981 which was included in the Biennial Report of the Vermont Department of Libraries, July 1, 1978 to June 30, 1980. It is not necessary to retain any previous directory of Vermont libraries although the statistics found in the biennial report may be useful for future comparison.

Corrections, additions and deletions will be published in the bi-monthly Department of Libraries newsletter so that this directory may be kept up to date. Please report corrections, additions and deletions to:

Marianne K. Cassell, Development and Adult
Services Consultant
Department of Libraries
c/o State Office Building Post Office
Montpelier, VT 05602
(802) 828-3261

Libraries are arranged alphabetically by the township in which they are located. The authority used to determine what is a township is the Vermont Year Book published annually by the National Survey in Chester, Vermont. Cross-references are provided. When more than one library is located in a township, the public library (or libraries) is listed first followed by the other libraries arranged alphabetically by institution.

Following is a sample listing with an explanation of each entry:



Directory number - will be used by the Department of Libraries newsletter when listing changes.

Township - in upper case letters. If a library is in a specific village within a township, the village is given in lower case letters as the location (for example, see #6, East Arlington).

Name & Address - the word "library" has been dropped from the end of each library's name. The mailing address follows the name, and if the post office is the same as the township, it has also been dropped. Please note that some libraries' mailing addresses do not correspond to the township or village in which they are located (for example, see #49, BRIGHTON).

VUC symbol - the Vermont Union Catalog symbol is used as a short form notation on catalog cards supplied by libraries to the Vermont Union Catalog and in communications dealing with interlibrary loan and resource sharing.

Winter hours - Generally, these hours apply from September through June. For specific dates of change between winter and summer hours, contact the library.

Summer hours - Usually, these apply in July and August.

	348	Woodstock Union High School		18,000	300	4,565

Telephone no. - Usually, the library's business number (if there is one) unless otherwise noted. The area code is 802 unless otherwise indicated. If the library has a teletype (TWX) number, it is listed below the telephone number (for example, see #260 ST. JOHNSBURY, NERL).

Librarian, Home telephone no. - If a telephone number is given, it is usually the librarian's personal home number and should be used with descretion.

Region - refers to the Vermont Department of Libraries region in which a library is located:

MI	Midstate region
NE	Northeast region
NW	Northwest region
SE	Southeast region
SW	Southwest region

Trustee, Home telephone no. - If given, the name is that of the last reported Chairperson or President of a public library's Board of Trustees.

Indexes to this Directory:

- Libraries by Type - listed alphabetically by location with the township in all upper case letters (see below)
- Public Libraries by Region - also listed alphabetically by location
- Names of Libraries (other than Geographic Place Names)
- Subject Strengths and Special Collections - subjects reported by librarians are listed alphabetically with locations noted by VUC symbols. When attempting to judge the degree of strength, refer to the type of library, the size of its collection and/or explicit indication of designated special collections.
- Vermont Union Catalog (VUC) symbols
- Other Important Addresses
